Dear Mark:

The students from Springfield College appreciated your gracious hospitality on February 14th as we toured your facility. MassMutual Center can be proud of this premier world-class venue.

The mission of Springfield College is to prepare tomorrow's leaders for the helping professions. The fact that you volunteered time from your busy schedule is commendable.

Thanks again. I am looking forward to having the opportunity to tour your facility with students from Springfield College in the future.

Best regards,

Dr. Matt
